This summer, up skill and invest in yourself by joining **Agile Softech Summer Training Program** led by a team of experience trainer and consultant, over 15 years of experience. You can't get a better team than this to train you!

**This is pure practical oriented, class room program, you can join it from any time as your convenience! You can also finish the program sooner or later than the tentative timeline.**

There are approximately **5000 Engineering Colleges** having more than **3,500,000 engineering students**. In such a tough competitive scenario, you need to consistently keep on building your skills.

We have designed our program especially to make engineering students industry ready so that they can easily fetch good paying jobs once they pass out from their respective colleges. Not just current students, people with work experience who want to learn additional skills to build their careers forward will also find the program valuable.

Currently, we at **Agile Softech private limited** have **following courses** available for you. Choose the ones which are best suited to you:

***For every program, you need to devote 90-120 minutes everyday***
